

## J\*\*\*s Are Cute. Barbie Drives One.

---

A sticker I had made up to poke a little fun at my J\*\*\*er friends. Get yours [here](#) and wear it with pride on your trusty old Toyota and have a little fun with your J\*\*\*\*er friends too! Weasel won't say the "J word" as he calls it, so he made me promise not to type it on the website!
